WHAT'S NEXT ITALY

MIA | CINEMA presents What's Next Italy

FOR BUYERS ONLY

Aiming to present to foreign industry professionals Italian projects in early and advanced stages, and also the most recently released films, the MIA hosts an exclusive market event where professionals can find out about new titles by both well-established and emerging Italian filmmakers: What's Next Italy, a work-in-progress session dedicated to Italian Cinema.

At the Cinema Moderno, on Thursday 20 October, MIA | Cinema will kick off proceedings with an early evening event, whilst on Friday 21 and Saturday 22 October just before lunch, a selection of 15 titles currently in post-production, or still being developed, will be presented by their directors, producers and sales agents.

Moderated by Nick Vivarelli (Italy and Middle East correspondent for Variety), each film will be presented with a clip (a scene, storyboard, backstage footage) and a live interview with the director. Producers and sales agents will be on hand in the room to talk to international buyers.
